Description;

Built by a reliable company, the project consists of 112 residences, 15 offices and 5 stores. In the project, which consists of a total of 132 independent sections, the apartments called Suite, Grand Suite and King Suite were designed as 103 to 239 square meters. The areas of the offices vary between 92 and 142 square meters. The sizes of commercial units start from 183 square meters.

The construction company, which draws attention with its projects in different architectures, was inspired by honeycomb in its new project. The project, whose architecture is in the form of a "honeycomb", is being built in Taksim, the heart of Istanbul. Show TV and Habertürk building, Rixos Taksim, Elysium Taksim projects are located around the project, which is within walking distance of Taksim Square. In the project, all of the residences were designed with balconies. The apartments on the upper floors have terrace areas.
