Description;

The project prepares a suitable living space with its unique apartment designs which is a good fit especially for families. The project has 2 blocks and 108 apartments with 9 floors. It is in the center of Beylikduzu and is close to significant places such as malls, hospitals and schools. However, being in the center is not the only aspect that makes the project special. It takes attention by its modern architectural designs and carefully thought project details. The materials are long-lasting and also of good quality. So you have central homes with luxury and comfort.

Carefully Designed With Every Detail

This project serves a unique lifestyle by thinking about every detail that is beneficial for you and your family. The apartments have 3+1 type which means it is a suitable project for families. The rooms are all set and designed carefully for families and their needs. You have spacious rooms proper for wide use, comfy areas in which you can spend your time with your family. The large kid’s rooms provide the space the kids need.

The Great Location and Social Facilities of The Project.

The project is close to many places such as metro stations, hospitals, hotels, schools and malls. The project is 10 minutes away from 10 hospitals, 3 universities, social facilities, E5 road and also at least 3 shopping centers. While having access to everywhere easily, you can also enjoy the green landscape areas that create a calm place feeling. The business and commercial areas are suitable for your daily needs. Other social facilities in the project are;
