Description;

This project, which is built on approximately 2600 m^2, is waiting for the home buyers. The project developed by a reliable construction company consists of only one block, 53 flats and commercial units. There are different types of flats in Stone Palace, which adapt to the city with their modern designs. The project also offers different payment options to its buyers along with 1+1, 2+1 and 3+1 flat types.

Developed on the European Side of Istanbul, the project brings the longed-for contemporary neighborhood life to Zeytinburnu. Now, modern architecture is harmonized with traditional neighborhood living in the city. The project also offers swimming pools and a fitness center.

The Project, Not Just a Residence, Also A New Home

In addition to luxury residence life, it will also host flamboyant brands with the commercial block under the residential block. You will meet your needs immediately with cafes, restaurants and boutique stores. Thanks to the the project, shopping is now much more fun.

Residences for sale, each square meter of which is functional, provide large and spacious living spaces. Open the doors of a privileged life where comfort and a unique location come together. **Contact us** and learn more about the project.

World-Famous Shopping Malls Are Also Nearby

The project allows you to live close to shopping centers in Istanbul, one of the cities where the heart of fashion beats. Shopping centers such as Forum Istanbul, Zorlu Center, Istinye Park, Aqua Florya, Emaar Square Mall will be very close to you.
